

Assignment 1 Undergraduate eActivity Quiz T's and C's

1. Assignment 1 will be in the format of an open-book online eActivity quiz to be completed on eLearn - you will have limited time available to complete the eActivity quiz.
2. The Assignment 1 open-book online eActivity quiz will open at 00:01 on the Assignment 1 due date and close at 23:59 on the deadline date. VERY IMPORTANT: Once you open the quiz you would need to complete the online eActivity quiz within the allocated time period for this specific module, for example, if the time limit is 60 minutes you would need to complete it within the 60 minutes.
3. Students have TWO attempts to complete the Assignment 1 open-book online eActivity quiz - with the 2nd attempt building onto the first attempt. It is not compulsory to attempt both attempts if you are happy with your first submission. The 2nd attempt option has been created to assist those students that may have had an internet connectivity problem or experienced a power failure during the quiz period. The last attempt will be marked (graded). Whether the 2nd attempt is used or not, the available time will be limited to 60 minutes in total.
4. You will have to start your attempt no later than 22:59 in order to complete before the closing time of 23:59. No extensions or late submissions will be allowed.
5. The assignment attempt may not be paused, reset or restarted. Please do not submit such requests.
6. Only assignments submitted online via the eLearn Assignment 1 eActivity quiz option will be accepted for grading. Please do not email assignments, they will not be accepted.
7. Take careful note of the specific due date per module and complete the eActivity quiz well before the closing time. All submission information, due dates and times are available on eLearn and on the Calendar of Events.
8. Submission dates and times are as per South African times.
9. Multiple choice questions and answer options will be shuffled within the eActivity quiz. Read both question and answer options carefully.
10. Students must check that all questions have been answered and final submissions are completed as per the assignment submission instructions.
11. The IMM Graduate School will not be available to assist with submissions or related queries outside of office hours. This includes helpme@immgsm.ac.za.
12. Students take full responsibility for ensuring the correct contact details are captured on the Student Portal in order to receive confirmation of submission emails.
