

Postgraduate Final Semester Marks – Semester 2 2022

Dear Student,

Please take note of the very important mark weighting information as per the relevant module submission requirements. Please take note marks released via eLearn and the Student Portal **WILL** differ. Marks reflected on eLearn show the total awarded marks prior to any mark deductions (where applicable). Marks released via the Student Portal are the final marks, inclusive of all deductions (where applicable).

1. Modules with 2 assignments and 1 final assessment:

The FINAL SEMESTER MARK is made up of a final assignment mark (two assignments) and an exam mark (open book online final assessment):

- The final assignment mark is made up of two assignments:
 - Assignment 1 counts 30% towards your final assignment mark
 - Assignment 2 counts 70% towards your final assignment mark
- These two assignments combined carry an overall weight of 30% towards your final semester mark.
- The final assessment (exam mark) carries an overall weight of 70% towards your final semester mark.

How to work out your Term Mark:

Assignment 1 percentage as per the student portal = A1

Assignment 2 percentage as per the student portal = A2

$$(A1 \times 0.3) + (A2 \times 0.7) = \text{Term Mark}$$

How to work out the Final Mark:

Assignment 1 percentage as per the student portal = A1

Assignment 2 percentage as per the student portal = A2

Exam Mark percentage as per the student portal = EM

$$(A1 \times 0.09) + (A2 \times 0.21) + (EM \times 0.7) = \text{Final Mark}$$

2. Modules with 1 assignment and 1 final assessment:

The FINAL SEMESTER MARK is made up of a final assignment mark (one assignment) and an exam mark (open book online final assessment): (ABMC401P & AGMD401P)

- The final assignment mark is made up of one assignment:
 - Assignment 1 counts 30% towards your final assignment mark
- This assignment carries an overall weight of 30% towards your final semester mark.
- The final assessment (exam mark) carries an overall weight of 70% towards your final semester mark.

How to work out the Final Mark:

Term Mark percentage as per the student portal = TM

Exam Mark percentage as per the student portal = EM

$$(TM \times 0.3) + (EM \times 0.7) = \text{Final Mark}$$

3. Modules with two Project submissions:

The FINAL SEMESTER MARK is made up of a Final assignment mark (first submission) and a final exam mark (second submission).

How to work out the Final Mark:

Term Mark percentage as per the student portal = TM

Exam Mark percentage as per the student portal = EM

– AML401P

$(TM \times 0.4) + (EM \times 0.6) = \text{Final Mark}$

– AMM401P

$(TM \times 0.5) + (EM \times 0.5) = \text{Final Mark}$

4. BPhil and Bcom Honours Reports:

AMAR401H

AMRR402H

ASCR402H

How to work out your Term Mark:

Assignment 1 percentage as per the student portal = A1

Assignment 2 percentage as per the student portal = A2

$(A1 \times 0.5) + (A2 \times 0.5) = \text{Term Mark (TM)}$

How to work out the Final Mark:

Assignment 1 percentage as per the student portal = A1

Assignment 2 percentage as per the student portal = A2

Exam Mark percentage as per the student portal = EM

$(A1 \times 0.15) + (A2 \times 0.15) + (EM \times 0.7) = \text{Final Mark}$

5. AMP401P

Please refer to the continuous checklist available on eLearn under 'Study Material'.
