

Academic Integrity Statement

The IMM Graduate School uses assessments to allow students the opportunity to provide evidence to show that they have mastered the content. The evidence provided must be relevant to the topic, demonstrate the student's current competency, and satisfy the examiner of the competency of the student against all criteria. To achieve this, evidence submitted for assessment must be authentic - all information presented must be current and entirely the work of the student and not from another source.

Students who register to study at the IMM Graduate School automatically agree to the following Academic Integrity Statement:

Declaration by the student:

I hereby acknowledge and agree to the Academic Integrity Statement as set out below and I further acknowledge that this Academic Integrity Statement applies for the duration of my studies at the IMM Graduate School:

1. I will not receive nor will I elicit any assistance from/to another student in the process of completion of any assessment.
2. I understand that academic discussions with other students are encouraged, but not to provide answers to assessment questions in the process of completion of an assessment. Therefore my assessment answers will be entirely my own work and not the work of other students, regardless of any academic discussions I was part of.
3. I will not plagiarise the work of others and submit it as my own, nor will I self-plagiarise by using excerpts from work I may have submitted previously for assessment whether at the IMM Graduate School or any other institution. I recognise that I am responsible for understanding and applying the provisions of the IMM Graduate School Plagiarism Policy and the Student Guide to Plagiarism Avoidance.
4. I will not outsource any academic work to a third party by allowing someone else to contribute to or complete assessments on my behalf.
5. I understand and acknowledge that any act of academic dishonesty may result in academic misconduct procedures being instituted against me to their full extent as prescribed by IMM Graduate School policies. If found to have breached the IMM Graduate School policies, I will submit to the academic inquiry process and acknowledge that an outcome of this process may lead to me receiving zero percent for an assessment, or even that I may be disenrolled.
6. I acknowledge that I am responsible for understanding the provisions of the IMM Graduate School Student Code of Conduct as they relate to all academic assessments.
